## Decisions we made:

- Aya's use cases:
  - o Refer to the login use case:
- Alaa's use cases:
  - o Edit extensions
  - o Ticket use case: what happens after reserving successfully? Send an email with a unique QR code
  - o Add a comment: someone to check inappropriate comments
- How are we gonna use the ticket QR code? For next iteration!
- Present new features with tutor next friday

## Actions we are going to take:

- Implementation for new features
- Meeting notes
- Agenda
- Email with agenda
- Adjust use cases
